*Positive progress scores demonstrate that pupils, on average, do better at KS2 than those with similar prior attainment nationally. Negative progress scores demonstrate that pupils, on average, do less well at KS2 than those with similar prior attainment nationally.

** A pupil's scaled score is based upon their raw score which is the total number of marks a pupil scores in a test. Raw scores are converted into a scaled score to ensure accurate comparisons of pupil performance over time. A scaled score of 100 will always represent the expected standard. Pupils scoring 100 or more will have met the expected standard on the test.
